

Looking after the 2011 call of the Seventh Framework Programme (FP7), the meeting of July 19 will be held by videoconference, from 13:00 to 15:00 GMT, and will serve to dispel doubts in regard to the People Programme and the thematic area of 'Food, Agriculture, Fisheries and Biotechnologies'. The activity will be streamed on line...

The activity will be streamed on line at: <http://www.renata.edu.co/index.php/component/content/article/22-especiales/494-renata-en-vivo.html>

Following the successful call of the FP7 InfoDay for e-Infrastructures, held in July 8th, three sessions ([download the program in PDF](#)) have been coordinated with the European Commission in order to provide the possibility of clear doubts regarding the future FP7 calls (2011) to the CLARA community and to the broad scientific and research communities of Latin America.

The FP7 People Programme and the cooperation opportunities in the field of 'Food, Agriculture, Fisheries and Biotechnologies', are the main issues of the July 19 InfoDay; in July 22 and 27 there will be two new sessions devoted to ' Environment (including climate change)', ' Transport, including aeronautics', 'Health' and 'Information and Communication Technologies '. Those who wish to participate in the activity by videoconference must contact Benjamín Marticorena, CLARA Academic Relations Coordinator, by email (benjamin.martcorena@redclara.net), with copy to Ana Cecilia Osorio (ana-cecilia.osorio@redclara.net). After accepting your participation, they will send you the technical information you will need.

Preliminary program, July 19, 2010

**New opportunities for scientific cooperation between Europe and Latin America and the Caribbean
InfoDays**

Written by María José López Pourailly
Sunday, 18 July 2010 22:42 - Last Updated Monday, 19 July 2010 03:35
