In ALICE2 to ensure regional inclusion is one of the main objectives. This goal is divided in the following objectives:

- Negotiate access to the new telecommunications infrastructures being deployed in Central and South America.
- To invite the ALICE beneficiaries Bolivia, Cuba, Costa Rica, Honduras, Nicaragua and Paraguay to participate in RedCLARA.
- To provide Technical and Management Support to the NRENs in order to help them develop their National Networks
- To outreach to, and maintain close cooperation with, the Caribbean Advanced Networks initiative ( CKLN - Caribbean Knowledge and Learning Network).
